The Benefits Of Our Training

Hamilton Blake, LLC

Las Vegas, Nevada

Rigging Safety—There Are No “Second Chances”!

Our instruction is interactive, motivating, and inspiring—designed for individual participation at all level; superintendents, crew members, and management.

No Boredom and No sleeping! We guarantee it! You will learn first-hand how to properly inspect wire rope, slings, synthetic slings, rope, hardware, pulleys, and rigging gear. Knot tying, swaging (crimping), techniques, and moving loads are taught by three or more instructors during this eight hour intensive one-day class.

Some Of The Course Topics Comprehensive Guidelines/Explanation...

- ◆ Shackles, Wire Rope Clips, Eyebolts, Eye nuts, Pulleys
- ◆ Synthetic Slings and Round Slings
- ◆ Synthetic Rope
- ◆ Wire Rope and Wire Rope Slings
- ◆ Swaging (Crimping) Nicopress Sleeves
- ◆ Knot Tying

Schedules: Rigging Safety Training, Fall Protection & Rescue Awareness Classes, Confined Space, and Rope Access Equipment Orientation Instruction are on-line at our web-site... or just **call 702-307-4477** today to book your next training!
